## **About**

Bye Snooze is an online application to help users to manage their projects and tasks easily through four notifications like 'complete', 'urgent', 'active', 'late'. Users can add and delete projects and tasks by clicking one button, they can also view the details of the projects and tasks.

## **Target Audience**

Bye Snooze is designed to everyone who work frequently with clients, or have constant deadlines.

Features

Easily edit your projects and tasks.

Assign a completion status to your projects.

Drag and drop organization.

Add and delete projects and tasks

User feedbacks

‘I think this site will help me organize my stuff better.’

Jane.M

‘It is very easy to use and has nice little features to show your projects status.’

Tom Ford
